XANAS[®]
COUNTER CURRENT SYSTEMS

XANAS® COUNTER CURRENT SYSTEMS

Fitness and fun for the whole family

Counter current systems became indispensable in modern pool areas. Swimming without the need to turn when you reach the end of the pool. The **XANAS®** counter current system offers fitness and fun for the whole family. The strength of the counter current system can be adjusted, so everyone can find their ideal rhythm.

Select your **XANAS®** counter current system from various designs and materials. The control can be done either through pressure sensitive buttons or rotary knobs. A special highlight is the **XANAS®** Q-Line with its square design.

The counter current system **XANAS®** received the Plus X Award, the world's largest innovation award for technology, sports and lifestyle in four categories – high quality, design, ease of use and functionality.
